

Temerty Faculty of Medicine Harmonized Base Funding Agreement for 2022-2023

The following constitutes the Agreement reached by the Chairs of Departments of Biochemistry, Immunology, Laboratory Medicine and Pathobiology, Medical Biophysics, Molecular Genetics, Nutritional Sciences, Pharmacology and Toxicology, Physiology, the Institute of Medical Science and the Vice Dean, Research & Health Science Education at the Temerty Faculty of Medicine.

This agreement excludes graduate students who receive funding over and above the base funding when registered in the Physician Scientist Training Programs (i.e., MD/PhD, Residents and CIP) and MD Research Fellowship Training program (e.g., clinical fellows).

1. Total Base Funding

The student living allowance is increased by 10% in 2022-23.

2022-2023 Student Base Funding for doctoral-stream Masters and PhD

Domestic			International	
MSc	PhD	Living Allowance	MSc	PhD
24,859.56	27,622.33	2021-22 Tuition & Fees*	24,859.56	27,622.33
7,979.99	7,979.99	UHIP*	27,979.99	7,979.99
NA	NA		756.00	756.00
32,839.55	35,602.32	Total (Base Funding)*	53,595.55	36,358.32

- Effective Fall 2018, International PhD students are subject to the same tuition fees as domestic PhD students.
- Tuition & Fees include: Program fees, mandatory incidental, system Access & ancillary fees, and UHIP for international tuition.
- *2022-23 Tuition & Fees and UHIP to be confirmed in early summer 2022.

Note:

1. For the 2022-23 Agreement, it was agreed to provide a 10% increase in living allowance stipend to support MSc and PhD students. The increase exceeds the request by the Faculty of Medicine Graduate Representation Committee (GRC) of 7.6% to bring all stipends to the cost of living in Toronto.
2. The 2019 Canada's Low-Income Measure, After Tax: LIM-AT or the "poverty line" is \$25,153.
3. A single person monthly costs in Toronto is \$1,228.04 without rent as at October 2021.

2. Merit-based Entrance Scholarships (MES)

Merit-based Entrance Scholarships, valued at no more than \$2,000 each, can be offered to up to 20% (based on previous year’s enrollment) of the most highly rated applicants as determined by the participating graduate units. A student who receives such an Entrance Scholarship, approved by the Graduate Unit offering admissions, will be eligible to retain the full amount over and above his/her base funding. No other “admissions” or “recruitment” incentive scholarships may be offered by individual graduate units. Doing so would be considered a violation of the Harmonized Base Funding Agreement.

3. Top-Up Practices

All awards that require student applications are eligible for a top-up from their supervisor or graduate unit.

The top-up amounts are as follows:

Award Amount	Top-Up*
\$0.00 to \$2,000	There will be no top-up but the student gets to keep the award(s), up to a combined maximum of \$2,000. The amount of the award will not be deducted from the base funding.
Between \$2,001 to \$9,999 (cumulative awards)	Award goes towards the base funding and the student receives a \$2,000 top-up over their base funding.
Between \$10,000 to \$15,000 (cumulative awards)	Award goes towards the base funding and the student receives a \$3,000 top-up over their base funding.
Over \$15,000 (cumulative awards \$15,001 and up)	Award goes towards the base funding and student receives a \$4,000 top-up over their base funding.

*Note:

- Within an academic year (or 12 months period), the total cumulative top-up maximum is \$4,000. That is, if a student holds an award of \$5,000 and another award of \$17,500, their total top-up is \$4,000.
- The top-up is only provided in amounts of \$2,000, \$3,000 or \$4,000 per year (does not exceed 12 months) and is added above the base funding amount.
- A student, who receives award(s) exceeding the amount equivalent to the base funding and maximum top-up of \$4,000, will not be eligible to receive a top-up for these award(s).
- Payment of top-ups will occur annually for the duration of the award. Thereafter, the student will revert back to the appropriate base graduate student funding package amount.
- Top-up eligibility excludes University of Toronto Fellowship (e.g., UTF Open), Doctoral Completion Awards, travel awards, and bursaries.

4. Ontario Student Opportunity Trust Funds (OSOTF) Awards

Students who receive funding from needs-based and merit awards, such as OSOTFs, are required to consider such funds as part of their base funding. See above for top up policy for such awards.

5. Bursaries

Non-repayable grants, such as the UTAPS and SGS Emergency Grant, which assists students with sudden and/or unexpected financial need, are **not** part of the base funding outlined above. A student under these circumstances is therefore eligible to retain the entire amount of such an award.

6. Funding Terms

In general, provided that he/she remain “in good standing”, a doctoral stream student will be funded for his/her thesis-based program. There are four basic principles that guide these funding terms, as follows:

- MSc students are guaranteed base funding for their first 2 years.
- PhD students admitted with completed master's degree are guaranteed base funding for a minimum of 4 years.
- Transfer students (i.e., transfer from MSc to PhD students), are guaranteed minimum base funding for their first 5 years, which includes 1 year as an MSc student.
- Direct-entry PhD students admitted with a bachelor's degree are guaranteed base funding for a minimum of 5 years.

7. Annual Review

The Chairs/Directors below agree to meet at least annually with the Vice Dean, Research and Health Science Education, to discuss this funding Agreement and to make any adjustments necessary for implementation effective the following academic year.

Final Approval: November 1, 2021
